

Dear Correctional Official, Warden or Chaplain:

This letter is being sent to you from one of our valued partners on behalf of their loved one or friend currently incarcerated in your institution. It is a request to make our inspirational, viewer-supported television channel, **The Word Network**, available to the inmates in your facility.

Utilizing Ku band satellite technology, our **Free4Life** program offers our urban-inspired, faith-based TV programming at **NO** cost to local, state and federal correctional facilities across the nation. With 24-hour relevant, positive programming, it is a viable tool in breaking the generational cycle of criminality and recidivism which is especially prevalent in the nation's inner cities.

The **Free4Life** program includes The Word Network programming, donation of satellite reception equipment, professional installation by a bonded technician and FREE ongoing maintenance to your institution. There are NO subscription fees or extra charges, ever! We know this is imperative for the many officials managing scarce budget resources with severe cuts in rehabilitative and educational programs.

Criminogenic research demonstrates that promoting healthy, hopeful thinking and positive social relationships are the two most important factors in changing criminal attitudes, reducing recidivism, and promoting successful reentry into society. That is what motivates the founders and supporters of the Word Network to offer the channel free of any expense to jails and prisons.

Here are some key benefits and features of Free4Life:

- Quality, faith-based, commercial-free inspirational programming 24/7 from The Word Network, the world's leading urban religious channel, with diverse content which appeals to a multi-ethnic audience.
- FREE of any expense to state, country, private federal jails and prisons. All satellite equipment, dishes and programming are donated to the institution or DOC.
- The channel is voluntarily viewed by the inmates integrated in a facility's television line-up or may be installed in a chapel or day room. Multiple head-ends may be accommodated upon approval.
- Free4Life works seamlessly with other faith and secular channels installed at your facility.
- The Free4Life channel provides an alternative way to deliver religious services to offenders in segregated areas.

For more information and/or to apply for **Free4Life**, please visit our website at freeforlifepersons.com. If you have any questions, please email me at free4life@thewordnetwork.org and I will get in touch with you promptly.

Thank you for your interest and we look forward to serving your facility in the future.

Sincerely,

Amy Fihn

Director of Free4Life Initiative
